Installation

Copy the `DCS` folder, inside `Saved Games`, inside your Windows user, for example `C:\Users\your_username\Saved Games`, this folder contains the skin.

For this part, create a copy of the `entry.lua` and `M-2000C.lua` files located in

`F:\SteamLibrary\steamapps\common\DCSWorld\CoreMods\aircraft\M-2000C`, then copy the `DCSWorld` folder to `F:\SteamLibrary\steamapps\common\` or wherever your **DCS** installation folder is located.
