

# INCIRLIK MILITARY AIRBASE (LTAG)

INCIRLIK, ADANA, TURKEY

## APPROACH CHART

Very important : on final, always fly over the IP points (IP-05 or IP-23), otherwise you won't get a landing clearance.

# KONVERTERINGSTABELL

## Mission :

Intercept the convoys and aim the trucks. Primary target :  
The Command Truck.

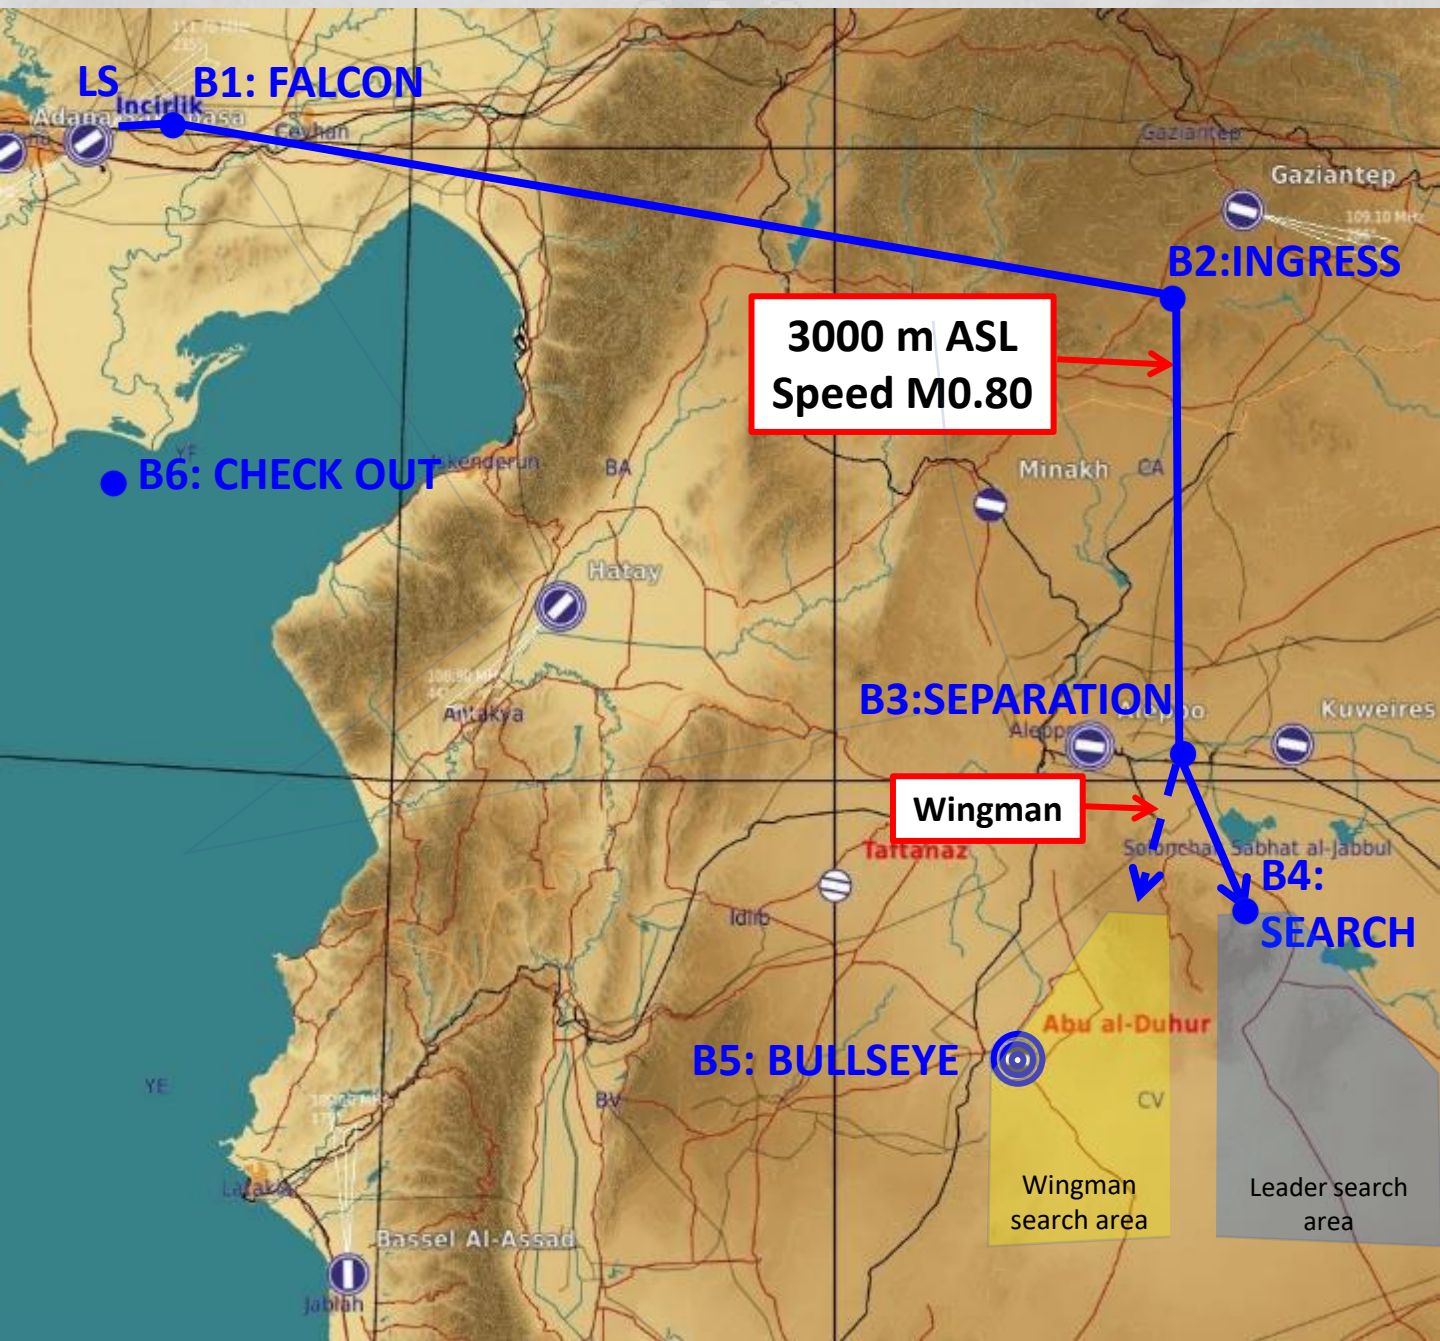

1. Take off 05, outbound Falcon.
2. After Ingress, maintain 3000 m ASL, speed M0.8
3. At B3, start the search at 2500 m ASL
4. Identify the presence in the convoy of the Command Truck by flying very close to it (max. 500 m)

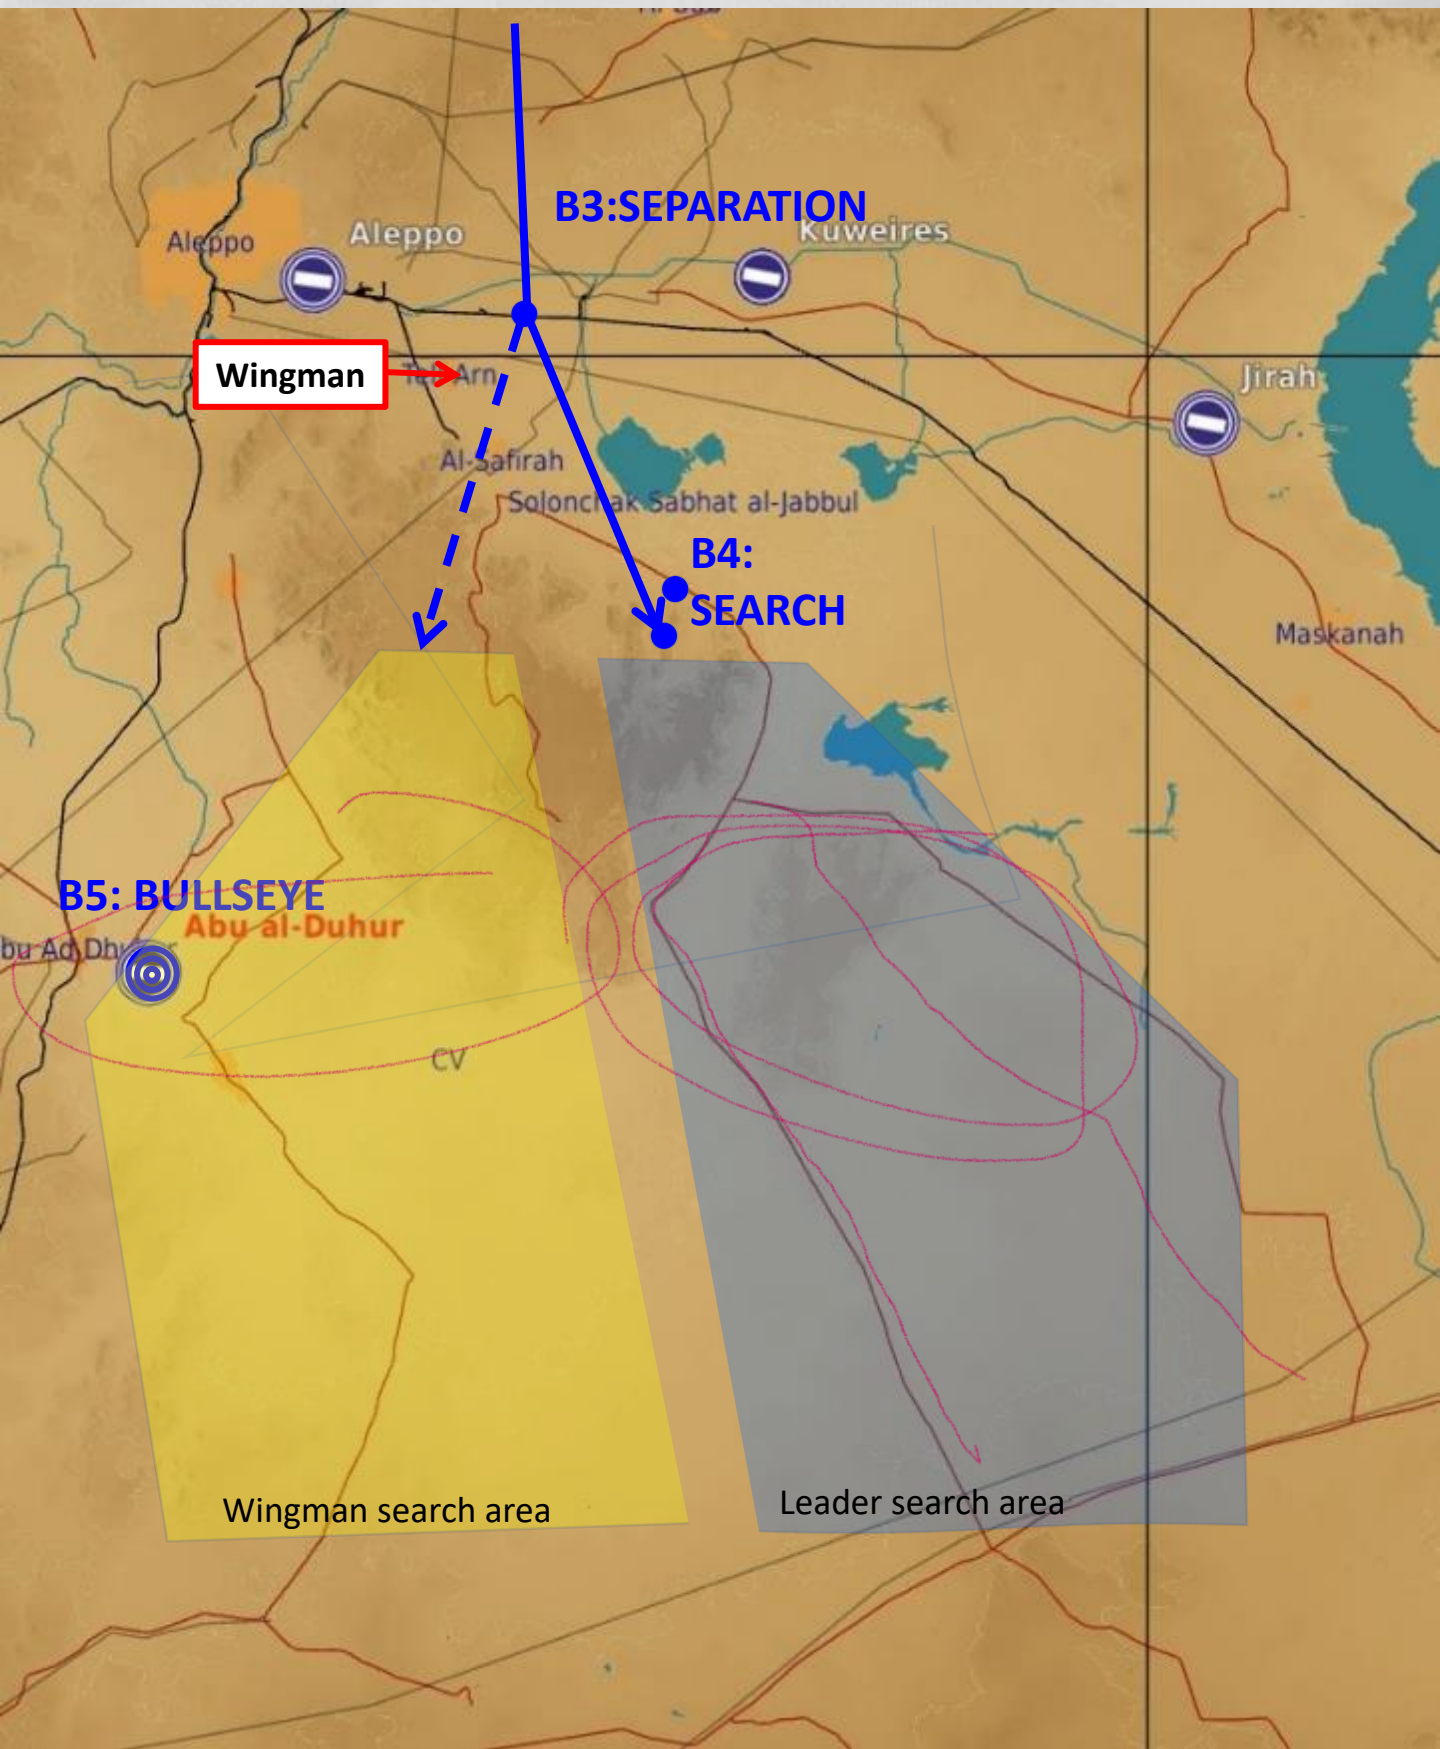

Col. Gustav Eriksson

# FLIGHT PLAN

# FLIGHT PLAN

# Summary

1. Quickly start the engine
2. Insert the card (even without a flight plan)
3. LS: 9028 (from memory)

NOTE: Whoever takes the Viggen, takes off FIRST

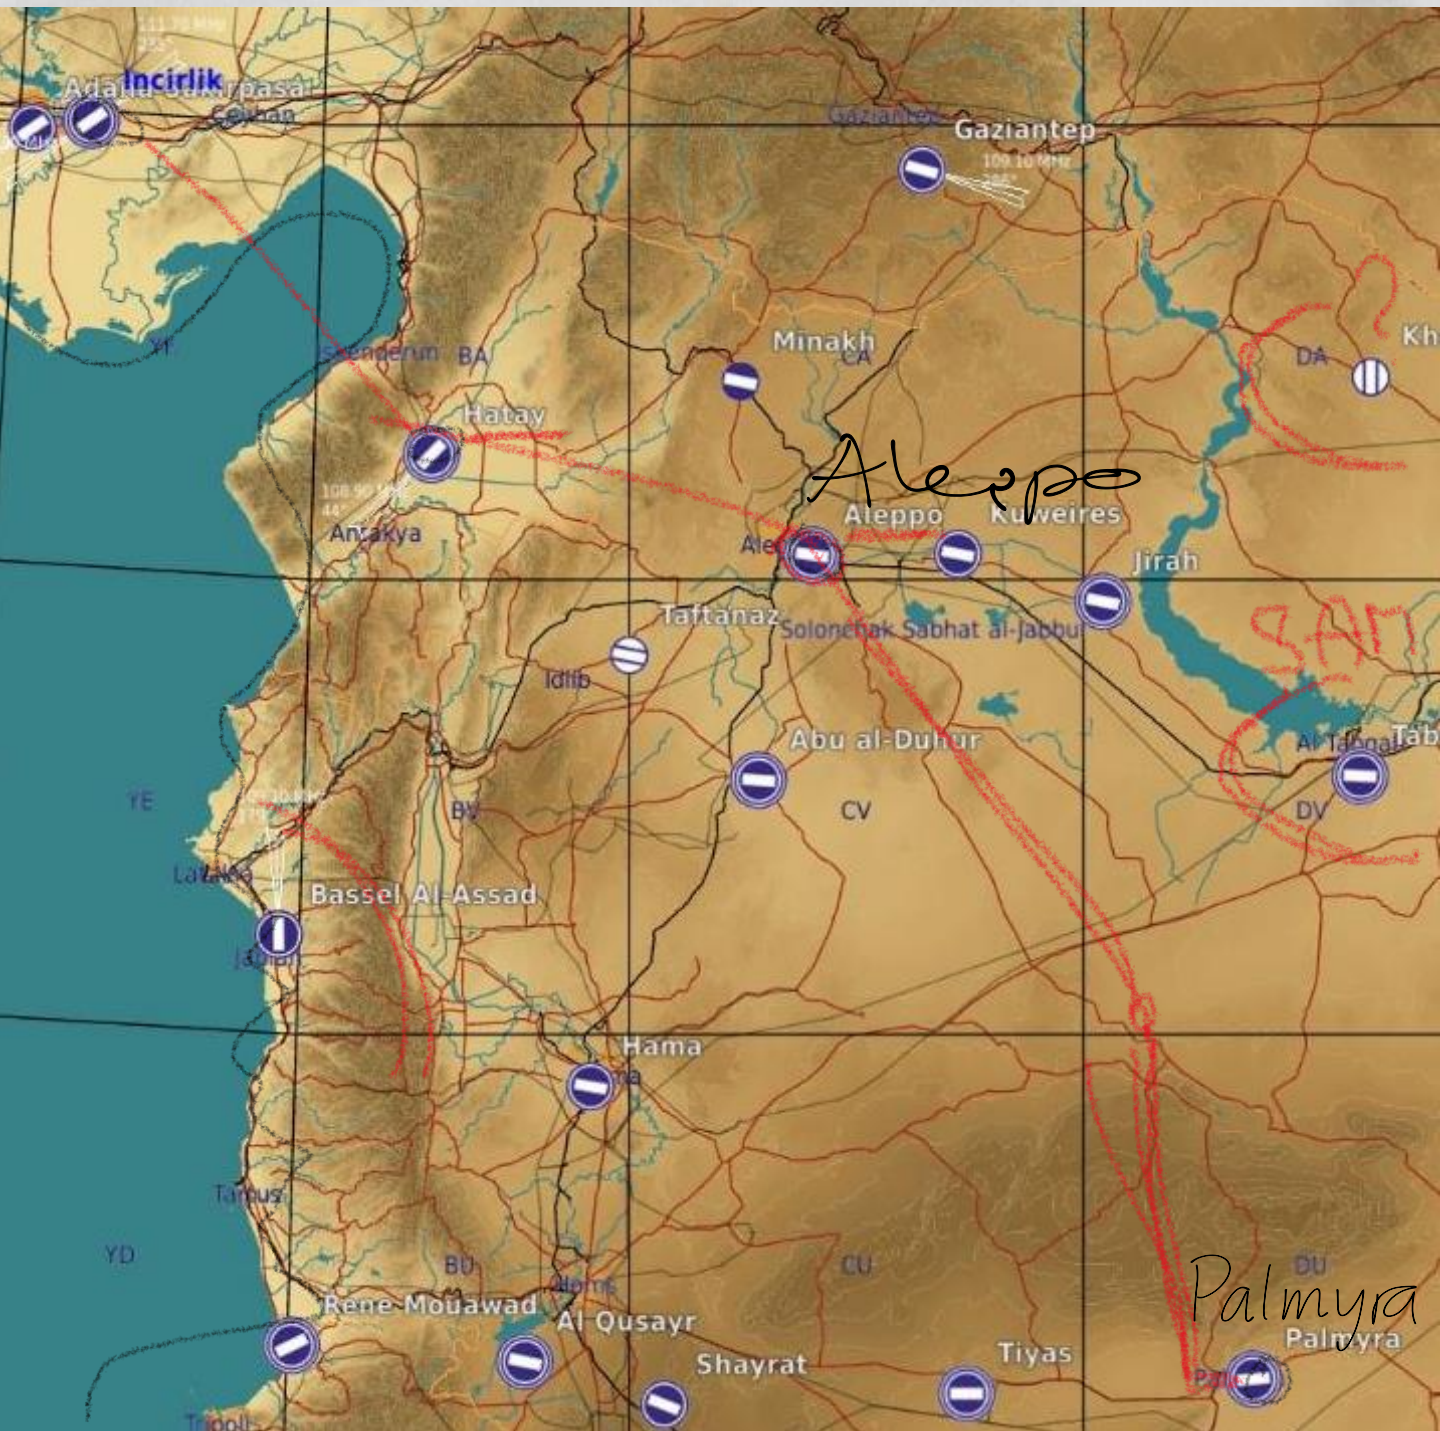

T-O then direction NORTH

Do not exceed 550 kmh until MiG rejoin

Slow climb so that MiG pilot can indicate the radio frequency

4. MiG rejoin at 4 o'clock
5. Set flight plan

# FLIGHT PLAN

We escape!

## Mission :

1. Take off 23, outbound Eagle
2. Orbit at hold and wait for push order.
3. Colt will strike all SAM positions
4. At push, inspect 3 spots to find the one to be struck.

We are looking for a camp that serves as the rebels' main logistical base. It consists of numerous barracks and probably many transport vehicles.

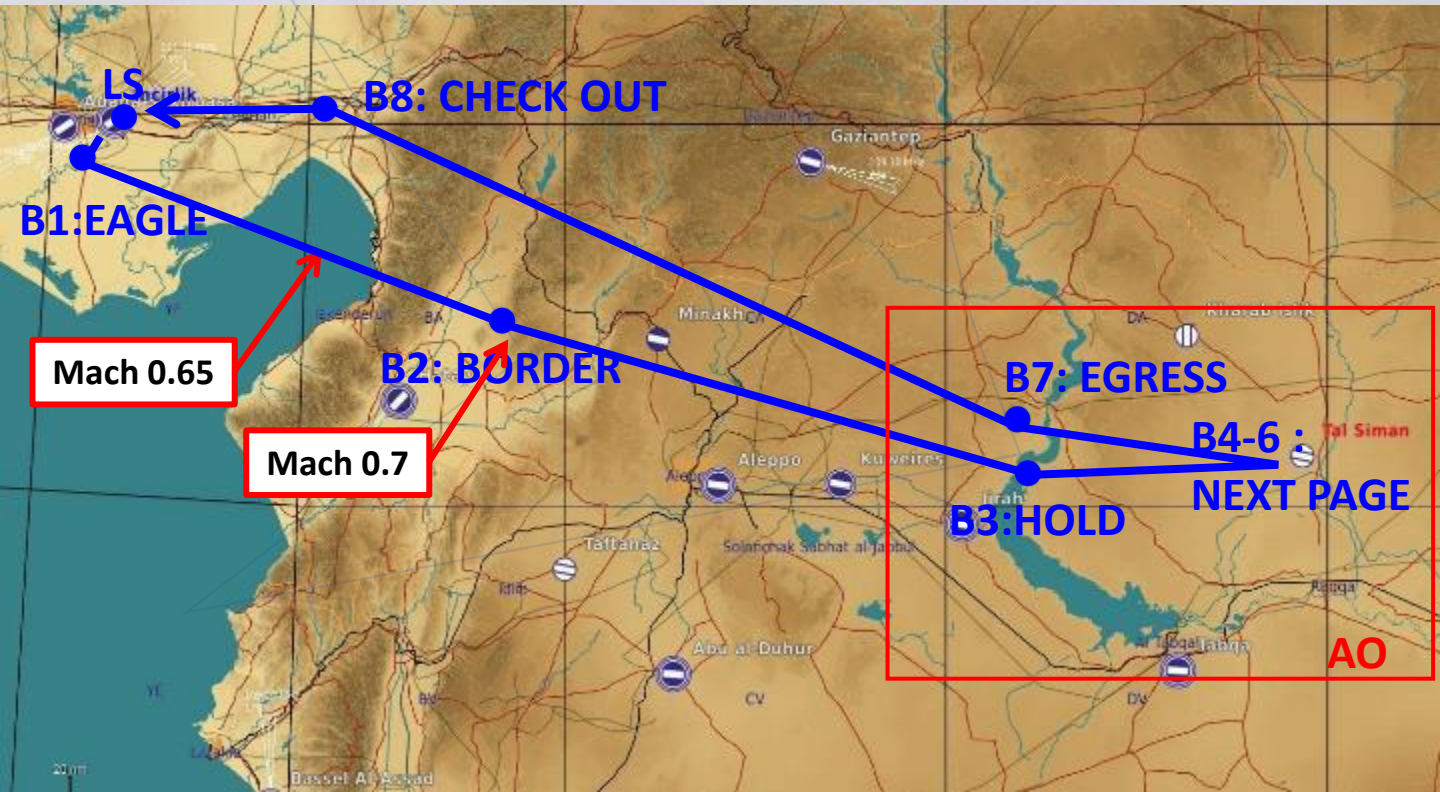

Beware: it will most likely be protected by flak.

5.  

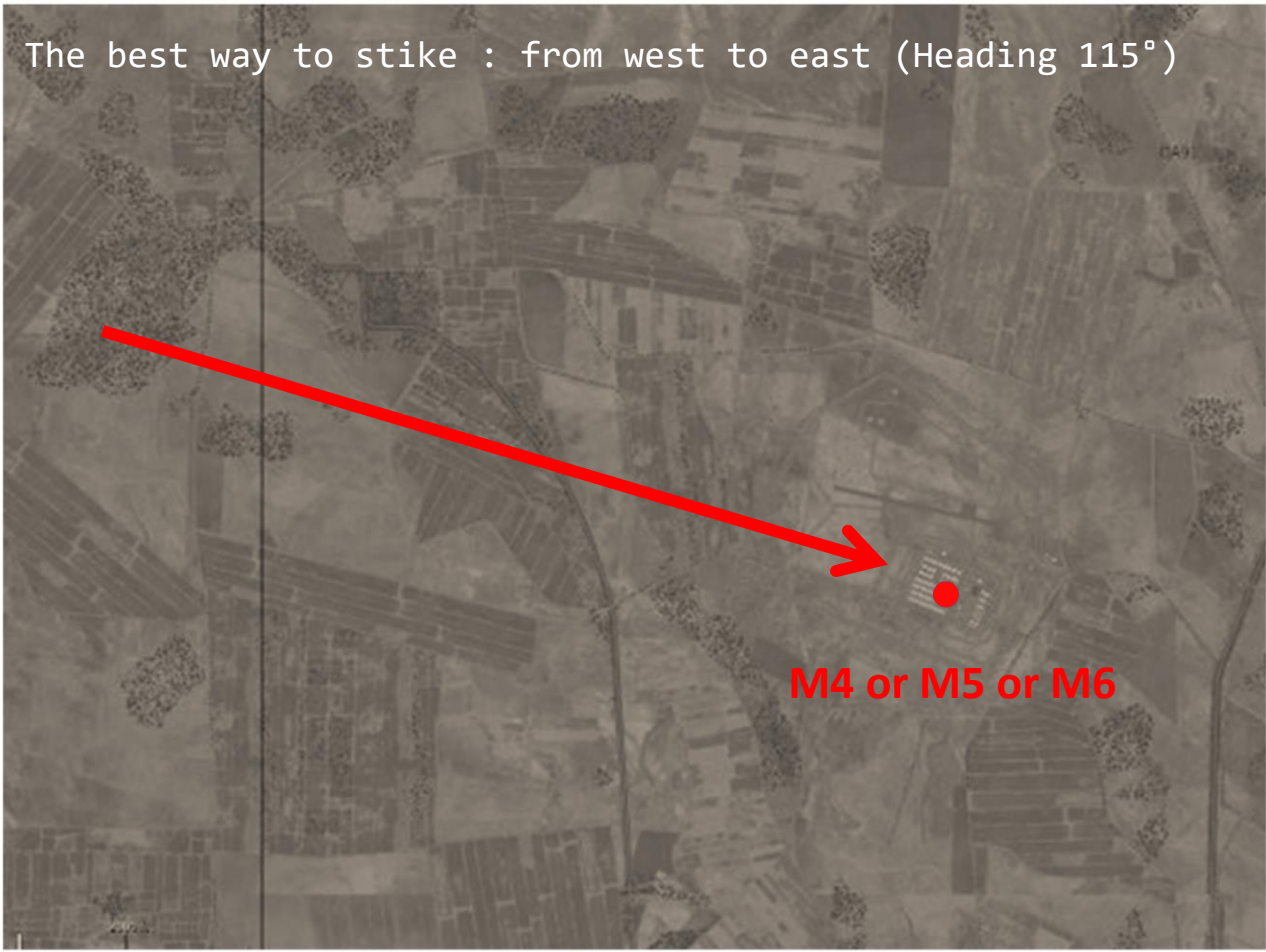

Col. Gustav Eriksson
