

HOW TO MAKE A PADDLE-SWITCH MODIFIER

How to make the paddle switch a modifier

A modifier-switch on your joystick will allow you to at least double the number of actions on the stick. Even for the Flaming Cliffs 3 planes it is very useful.

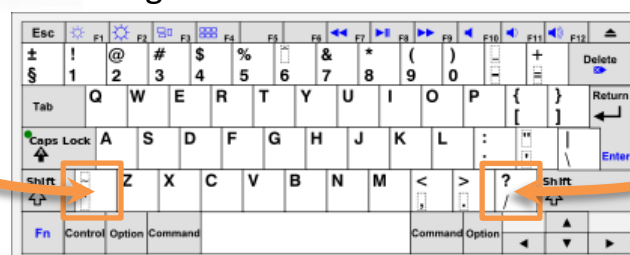

This could
be your
modifier
switch

For all of you that have assigned the TrackIR CENTER at the Paddle Switch, try this:

Center
TrackIR

Pause
TrackIR

HOW TO MAKE A PADDLE-SWITCH MODIFIER

a)

Choose „Options“
in the main menu.

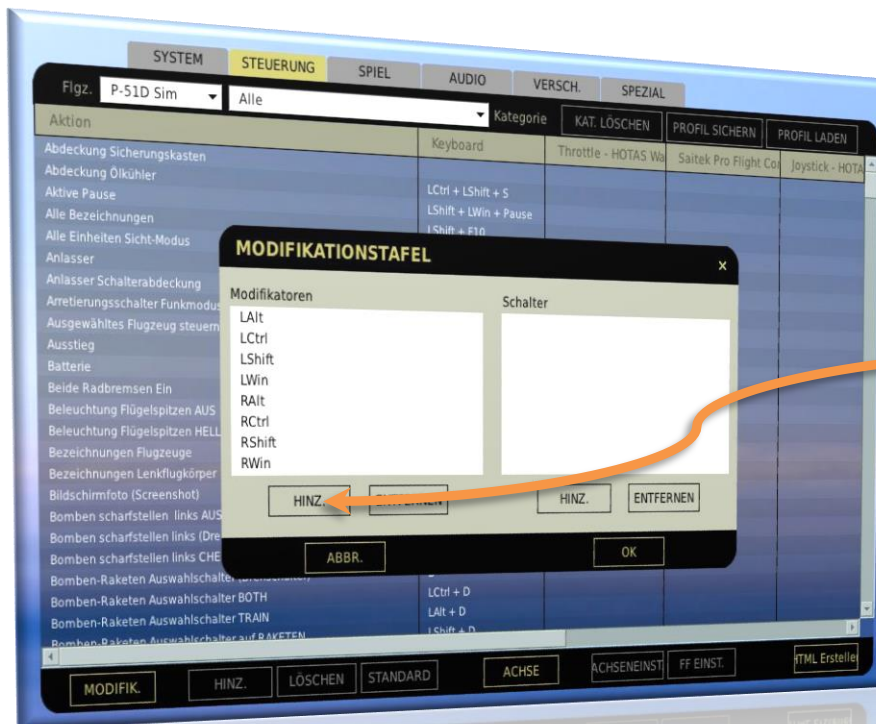

b)

Klick on “Controls”
followed by
“Modifiers”.

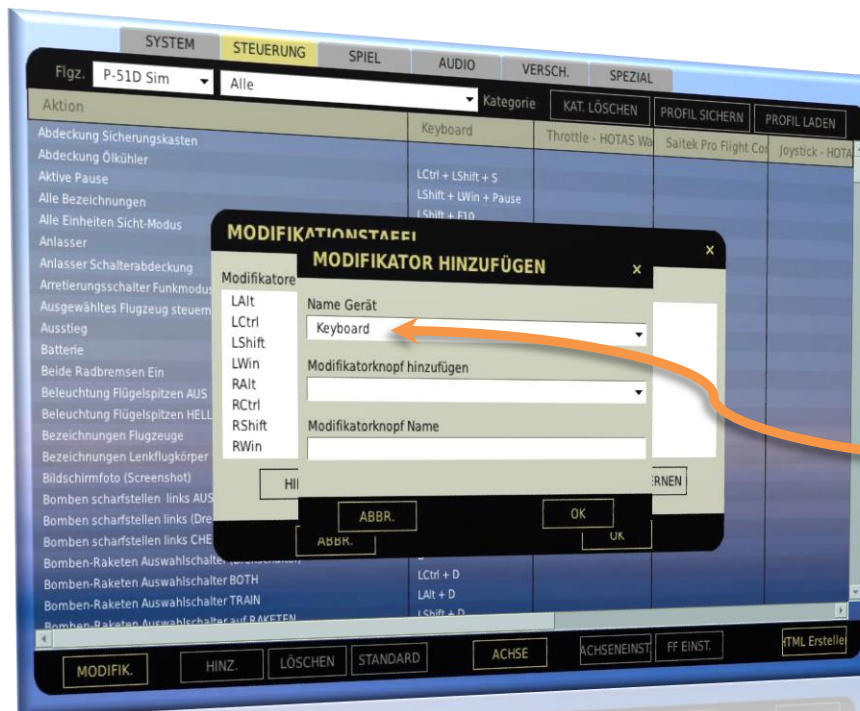

HOW TO MAKE A PADDLE-SWITCH MODIFIER

c)

Klick on "ADD".

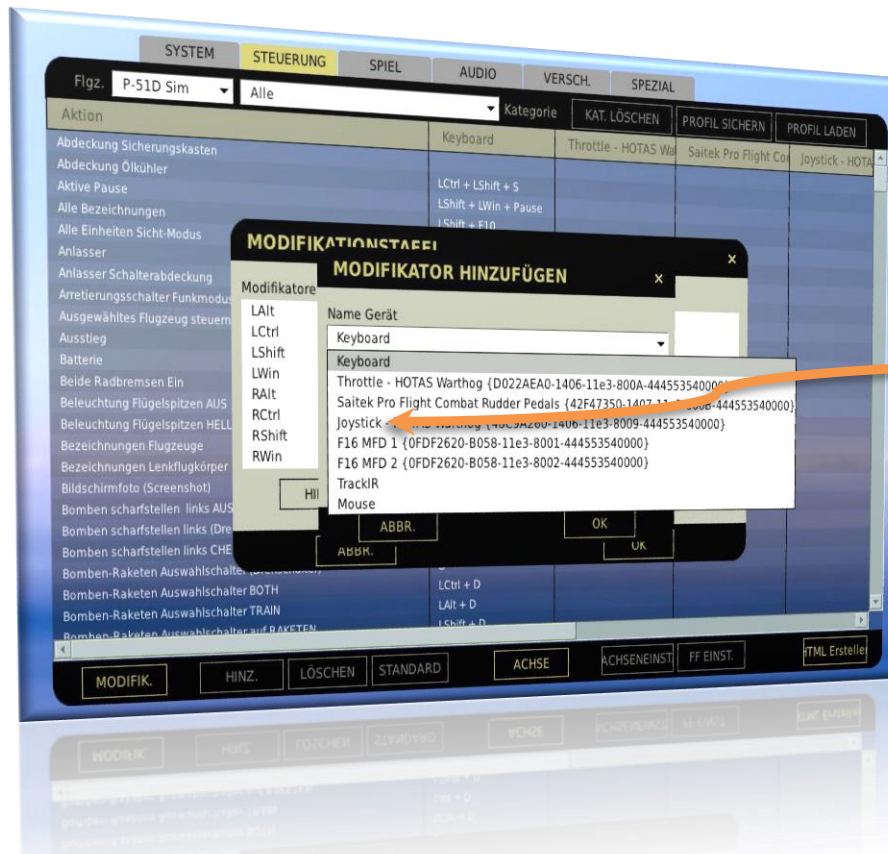

d)

You now see this screen. You have to choose a device in the upper line.

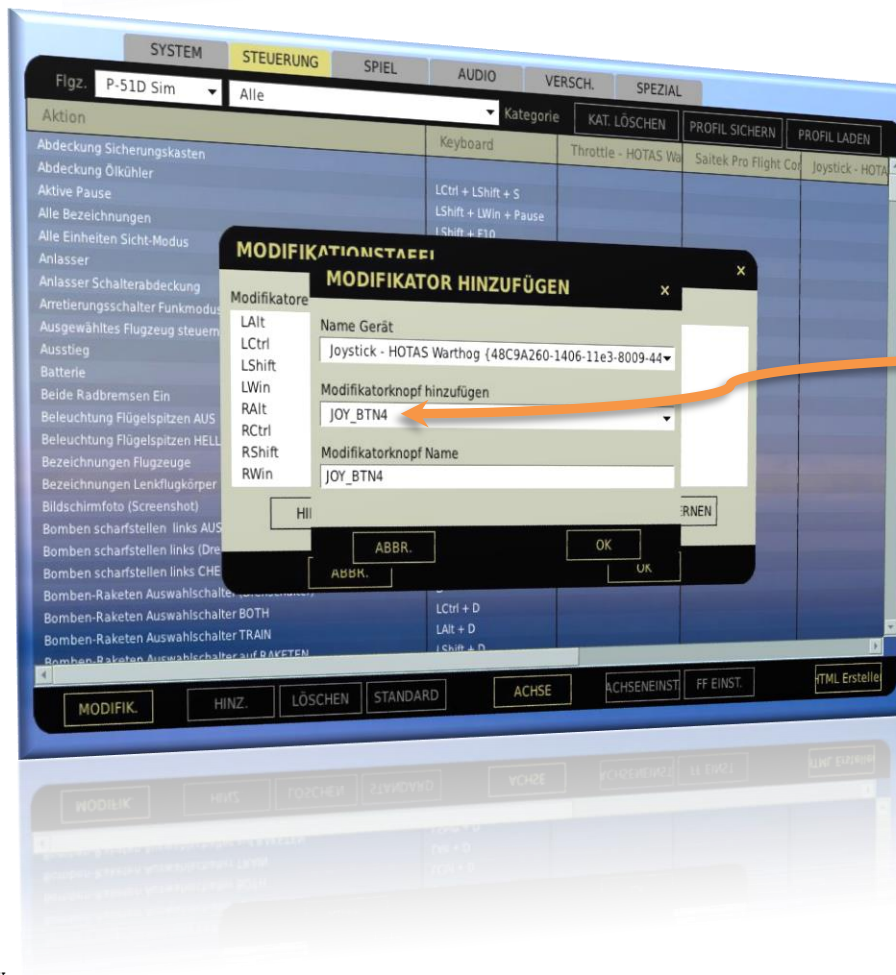

HOW TO MAKE A PADDLE-SWITCH MODIFIER

e)

Select the Stick.

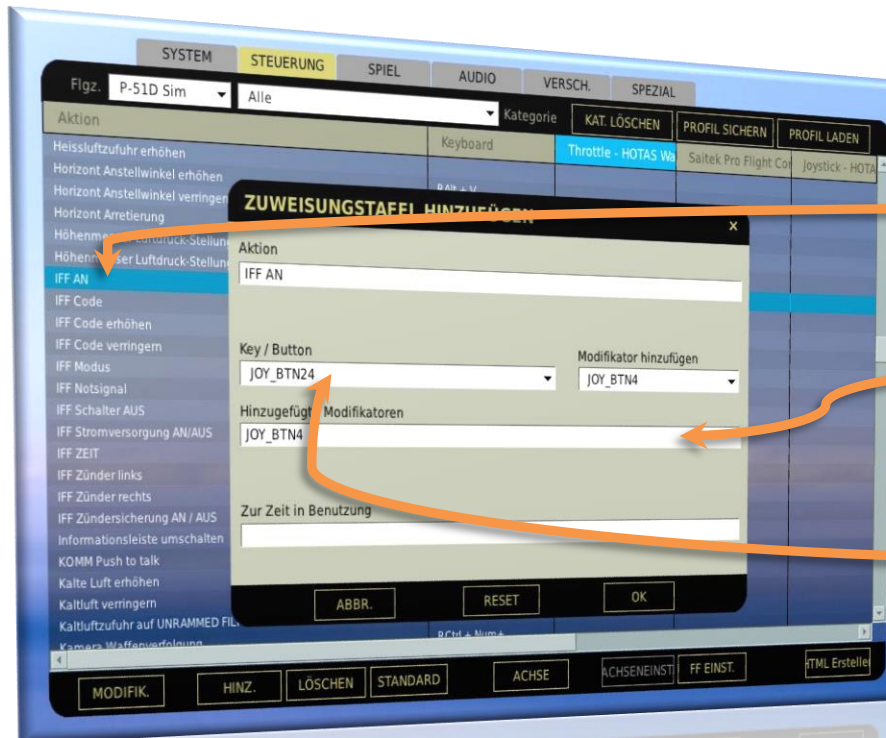

f)

Push the Paddle Switch.

HOW TO MAKE A PADDLE-SWITCH MODIFIER

g)

Now you can select any action of a particular layer, push the paddle-switch together with any other button of your stick.

h)

By doing so, it's possible to assign 2 actions on 1 Joystick-Button.
