

## Mission 10, The final word

60mn

3rd of April 1993

It's time to go home ! Yesterday 4 Mirage 2000Cs of the 2/5 *Ile de France* squadron arrived in Mafrq to relieve you. After 4 weeks of intense activity, you and your group are returning to France today proud of all you have done here. As for the outward journey, you will stop in Paphos, Cyprus.

## Briefing

Escorted by the 4 other Mirages to the coast, you will fly over Lebanon one last time. A medium altitude flight is required. Indeed 8 jets flying in formation, clearly visible, will be a good additional signal. Your flight plan will lead you over Rayak Air Base to say good bye to the Gazelle team.

You leave all your Super 530Ds to your colleagues and carry only your central drop tank and two Magic II just in case.
