

MISSION 12 - OFFENSIVE ON CAEN

SITUATION:

Despite the fact that the enemy has concentrated all available forces to defend the city, we have a significant advantage both on the ground and in the air. After eliminating the threat of a nuclear attack, we will launch an offensive directly against the city of Caen itself. The offensive will be conducted on a broad front, directly on the city, to the south and north.

Your role in this attack will be to support Tactical Battalion Group Taran-2, which will be advancing on the city from the south, half a kilometer west of the train station. Make contact with Taran-2 and ensure their advance into the city center. Make attack runs to the northwest (310-320 degrees). A strong enemy air defense group is concentrated in the area of Caen Castle.
