

# **MISSION 5 - SHIPS**

## **SITUATION:**

Air reconnaissance has spotted supply ships at the mouth of the Orne River. No doubt the supplies are for the forces defending Caen. The ships can sail along the river to Caen or unload at the port of Ouistreham. In the second case there is little time, it is necessary to sink the ships before they have time to unload their cargo. Your task is to destroy the supply ships. If the ships cannot be drowned, fighter-bombers will attack them, but they will need time to enter the area. The convoy's missile boats may be near the target, but they are not your mission.
